DOCUMENTARY EVIDENCE FOR REMEDIAL SUPPORT PROVIDED

REMEDIAL TEACHING

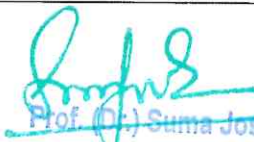

The Institution always appreciates student teacher's uniqueness and diversity. Every student teacher is unique and based on mentoring, performance in class tests, internal tests and practical works the student teachers who need assistance are identified and remedial support is provided accordingly. One hour per week is specifically allocated for remedial teaching in the timetable. Teacher educators provide remediation as needed. This process of diagnosis and remediation helps teachers offer the right support at the right time to the student teachers thereby preventing future failures, under achievements and drop outs

The following students appeared for remedial learning programs during the year: 2022-2023
